

NORTH SHORE CITY COUNCIL

Election of five (5) Councillors for the Northern Ward

Stuart BROOME

Independent

My family and I have enjoyed the Shore lifestyle for 12 years including various Mairangi bay Tennis club voluntary roles. I'm standing for council because our lifestyle is at serious risk. Infratil want more than 60,000 aircraft movements compared with 6,500 last year at Whenuapai – causing at least 8 times more noise and air pollution. Experience as an Engineer and Manager during Telecom restructuring gives me the background to meet ratepayer concerns by effectively reducing spiralling council costs. I'm also concerned with congestion and will push for more lanes for cars as well as buses to cope with growth. We need to build community spirit and I'll represent our migrant communities. Councillor accountability is important-meeting attendance stats will be on my website. See my policies and airport facts on www.whenuapaiairport.co.nz. Your vote is needed to preserve our Shore lifestyle.
