

NORTH SHORE CITY COUNCIL

Election of five (5) Councillors for the Harbour Ward

Umesh PERINPANAYAGAM

Better Representation - Public Transport

Harbour Ward needs better representation – I will ensure the key issues facing Birkenhead, Northcote and Glenfield are dealt with effectively at Council.

Transport is a major problem – I will work for affordable, frequent buses and ferries with integrated fares and cross-town services. Our children deserve safer walking and cycling. I will support walking-school-buses, improved

footpaths and off-road cycle-lanes. Rapid transit to Auckland Airport will eliminate demand for Whenuapai. We need better urban design to stop sprawl and create a more vibrant city, a revitalisation of Birkenhead and Glenfield town centres, protection and enhancement of our parks and proper guardianship of our harbour beaches.

With an honours degree in Engineering and postgraduate studies in Economics, I have the skills to ensure transport solutions are delivered efficiently and your rates invested wisely. I am committed and ready to make a real contribution to our city.

Vote Umesh.
