

NORTH SHORE CITY COUNCIL

Election of five (5) Councillors for the Harbour Ward

Adrian TYLER

Better Transport - Affordable Rates

Birkenhead, Northcote and Glenfield residents need effective representation and relief from irritating traffic congestion. Highbury Centre is desperate for revitalisation and a decent library. Our city urgently needs a councillor to embrace innovative solutions in community planning, transport solutions and environmental care.

I will champion a Beach Haven ferry service, integrated ticketing and affordable fares, reducing school traffic and prohibiting rat running through Northcote streets. After years working in the non-profit sector I know that our youth and elderly need better access to community facilities. Having managed large staff bases in the service sector on tight budgets I will hold our council to account to eliminate wastage and ensure efficient decision-making to reduce rates and compliance costs.

As your councillor I will work full-time to give Birkenhead, Northcote and Glenfield strong representation, champion innovative solutions and ensure your money is valued. Vote Adrian Tyler.
