

NORTH SHORE CITY COUNCIL

Election of five (5) Councillors for the Northern Ward

Callum BLAIR

I refer you to my Mayoral Statement outlining my opposition to the establishment of a commercial airport at the Whenuapai Air Base and the threat that it poses to our lifestyle not just in the Northern Ward but throughout the North Shore. The current direction in Council decision-making is of concern and is typified in the Airport proposal. Running a close second is Council's unconditional support to place the Northern Recreation and Aquatic Centre at the North Harbour Stadium where the rate payer by default has assumed millions of dollars of debt. It is no surprise that your rates have continued to soar over recent years. I urge you to carefully consider who you will support in the leadership of our City as decisions made in this coming term will drastically affect our future and that of our families. I ask for your vote to turn these decisions around.
