

NORTH SHORE CITY COUNCIL

Election of five (5) Councillors for the Northern Ward

Joy BRETTE

Our most important issue is Council spending. High rates are a huge burden for young families and are often between 20-30% of the average pensioner's income. I believe this is insupportable and harmful to our quality of life. Yes, we need to spend on essentials, but restraint on 'think big' schemes is long overdue!

With three terms service on the ECB Community Board, I have a proven track record as an advocate for local people. If elected, I will dedicate a full-time commitment to representing this community with all my energy and strength.

JP, 38 years business experience as a florist and company director (retd).
